Sponsors do not need to be present for registration of family members. Those who fail to register will experience extreme

delays when attempting to gain access to installations.

Registration hours are Mondays to Fridays, 9 a.m. to 4:30 p.m. in the Patch Barracks Installation Access Control Office, building 2307. Applicants can register at any time; just don't forget to bring your ID card with you. For more info call DSN 430-4256/civ. 0711-680-4256.

Online Finance Program Changes

Army personnel can now obtain their myPay personal identification numbers by using a new online feature called ePIN. The online system, myPay, is operated by the Defense Finance and Accounting Service. The new feature is available to active, reserve, guard, civilians and military retirees with Army Knowledge Online accounts.

Using ePIN greatly simplifies the process of gaining access to myPay. Personnel can visit the myPay Web site, <https://myPay.dfas.mil> and click on the "New PIN" button. The system will verify the identity of the user through their social security number. The user can elect delivery of the PIN by e-mail or regular mail. E-mail delivery takes place within 48 hours.

Strong encryption and secure sockets layer technologies combined with user-unique access make myPay safe to use and protects personal information from unauthorized access.

Events, Functions Require FP Plan

A force protection assessment plan should be completed for all off-post official and U.S.-sponsored events. The organizer(s) of an un-official, off-post event involving 50 or more individuals should also complete a force protection plan.

Once the plan is completed, the organizer should contact the 6th Area Support Group Force Protection office at DSN 421-2860/civ. 0711-729-2860, to review the plan. Unit organizers will be contacted via telephone and e-mailed notifying them of the outcome.

Civilian Sponsorship Program Created

A new civilian employee sponsorship program has been developed to assist managers in easing employee transition to overseas assignments. The Army has maintained a formal sponsorship program for soldiers for many years. Until now there has never been a separate program for civilians.

The new civilian program, outlined in the Military and Civilian Sponsorship regulation (AE Reg. 600-8-8), establishes formal sponsorship procedures for welcoming civilians to their overseas assignments.

The regulation establishes procedures for sponsoring civilian employees and provides a sample of the Civilian Sponsorship Plan of Action. View the regulation at www.chrma.hqusareur.army.mil, and click on "What's New."

Heidelberg Hospital Limits Care

Appointments at the U.S. Army hospital in Heidelberg are currently limited due to many clinics temporarily seeing only active duty service members. There are also temporary shortages in some clinics due to routine summer military rotations.

The following clinics are open to active duty only on most days: ambulatory care, dermatology, family practice, optometry, orthopedics and physical therapy. Limited outpatient appointments are available to CHAMPUS eligible patients only.

Patients should contact central appointments at 06221-17-2622 to see what appointments are available. Active duty patients have priority, followed by active duty family members, retirees and their dependents and DoD civilians and their dependents.

If appointments are not available, patients will be referred to the Tricare Service Center, 06221-17-3087, to schedule an appointment with a host nation preferred provider.

Safety Alert Issued for Rope

A safety alert has been issued for nylon rope, NSN 4020-00-931-8793, Mil-R-1688, produced by Andrew Crowe and Sons, Inc. These ropes can fail during operational use. Recently an Army installation found a large quantity of these ropes in use and had to cease operations to prevent a potentially catastrophic failure during training.

Units should inspect inventories for these ropes and remove them from service. Additionally forward a Quality Deficiency Report to Nancy Gosser, Item Manager, Defense Supply Center, 700 Robins Ave, Philadelphia, PA 19111 or fax to DSN 444-7556. Defense Logistics Agency will credit units and provide disposition instructions. If in doubt about a rope, remove and replace it.

Deployment Health Numbers Activated

Toll free and DSN numbers have been activated allowing service members and their families in Europe to contact the Deployment Health Helpline in the United States. Any deployment related medical questions or concerns, involving physical or mental health care, can be addressed.

The Deployment Health Clinical Center Helpline is located in Washington, DC, and is open 1:30 to 10:30 p.m. Central European Time, Monday to Friday, excluding federal and training holidays. Callers should leave a message after duty hours or when the helpline is busy. Messages should include name, duty location and a complete DSN and commercial phone number.

Call the help line at 00800-8666-8666 or DSN 312-662-3577. More information can be found at <http://www.pdhealth.mil>.
